Reminder: Annual Membership Fee

We wrote to you a few months ago to explain that we would be introducing an annual membership fee from September 2026. This is for everyone who is booked into weekly swimming lessons with us, including adult and child lessons, children's lessons, adult lessons and private lessons. This does NOT include: aquacise classes, crash courses, private pool hires, birthday parties or our fun 'experience' sessions.

This difficult decision was made to help us keep afloat, despite facing ongoing cost increases, so that we wouldn't have to raise our prices. The funds will be used for necessary repairs and upgrades across both locations, both to the pool equipment and to the pool plant room equipment. These will directly impact your lessons and help keep things running smoothly.

When you receive your September invoice, you will see an amount of £25 per swimmer included in it, which will be collected with the payment for September's swimming lessons. This will only be charged once a year, either in September or at the point of joining lessons.

Thank you for your support. It means the world to us!

Stopping or Changing Lessons

All our customers are automatically re-enrolled unless we hear otherwise from them. If you haven't already been in touch, we will assume you're continuing as normal! Please do get in touch if you will:

- (a) be stopping your swimming lessons and not returning in September, or,
- (b) need a different day or time for your swimming lessons in September.

All requests are being processed; we may contact you if we need to change your lesson time for any reason, so please keep an eye out!
